NEW Tour Trunk Rack

Big Bike Parts® is proud to introduce its new Tour Trunk Rack for the Indian line of motorcycles. This new rack for the Indian is available in their traditional Show Chrome Accessories® Chrome or Black Satin Finish. This generously 20° x 12 ½" luggage rack easily accommodates the largest luggage bags and comes with custom tapered mounting spacers, allowing the rack to more easily conform to the curve of the trunk. These spacers are recessed to allow the rack to rest securely into the space, helping spread the load over the trunk lid to alleviate stress cracking. Rubber washers under each spacer not only protect your bikes finish, but also assures a water tight fit. The manufacturers trunk specs should be viewed for loading limits. Designed specifically for the Indian trunk, its mounting legs align with the OEM mounting points. Make this upgrade if you already have an OEM rack installed. Fits Springfield, Chief, and Roadmaster 2014 – Newer.
