NEW PRODUCT RELEASE

Driver Peg Selections for 2018 GL1800 Goldwing from Big Bike Parts®

Rice Lake, WI – Big Bike Parts® has two choices when it is time to replace those OEM stock driver pegs on your 2018 GL1800 Goldwing. Choose from the extremely popular 4" x 4" Mini Board or the more conventional Rail Peg. Both reuse the OEM spring making these an easy upgrade without sacrificing OEM function and cornering. Rubber inserts stick up about 5mm above the surface providing extra grip to grab your boot. Big Bike Parts® anti-rotation design allows rotational adjustment providing positioning the surface exactly at the angle most comfortable for you and your riding style. For 2001-18 GL1800 Goldwing, Suzuki VL800 and M50 Driver.
