NEW PRODUCT RELEASE

Increased LED Intensity for the Can-Am Front Fender Lights by Show Chrome Accessories®

Rice Lake, WI – Show Chrome Accessories® increases the LED intensity of its already popular front fender LED light for the Can-Am by nearly 800% over the original model. While still using the same quality of LED's, technology has allowed Show Chrome Accessories® to significantly increase the intensity of its Amber LED's by almost 800% and the Red LED's by over 300% making these next generation high intensity LED's ultra-efficient. These LED lights replace the OEM reflectors as used on 2013 and newer Can-Am Spyder RS-S/ST-S/ST-LTD/RT-S/RT-LTD/F3-S/F3T and F3LTD. The LED assemblies are sealed for all-weather protection and maintenance free lighting. No drilling required. Mounts to existing wiring with t-taps, no additional components needed. Both are dual function allowing running and turnsignal.

Multi-Function Front Fender Amber LED Light Kit
