

BIG BIKE PARTS®

NEW PRODUCT RELEASE

**UltraGard® Covers are
Unmatched in Features**

Rice Lake, WI – How has UltraGard® stayed at the top of providing the best covers at the best price, by being responsive. UltraGard® consistently listens to its consumers and dealers on what they want to see and delivers new fitments and features year after year.

UltraGard® covers are fitted by design and are constantly adjusted as the latest motorcycles arrive to ensure the best fit and the best features. UltraGard® has led the market in visibility by incorporating high reflective piping in its covers to allow your parked ride to be seen at night. UltraGard® is the leader in offering bike complementing colors in numerous sizes and fitments. UltraGard® covers are a quick fit with a rear centering tag allowing UltraGard® covers to be put on once, without any twist. UltraGard® leads the way in offering expandable pockets to fit bikes with and without windshields and sissy bars, allowing UltraGard® covers to grow as accessories are added. UltraGard® durable, folded and double stitched seams do not pull apart and its custom fabric curing process minimizes fading and provides longer useful life.

From scooter and trailer covers to cruiser, touring and front or rear wheel trikes, UltraGard® has you covered with a complete offering. Each UltraGard® cover comes with its own carrying pouch to make transport easy and to get your cover back into a compact size. No other cover is as feature rich as UltraGard® nor as competitively priced, with unmatched visibility.
